

6. WATERWAYS AND WETLANDS BUS TOURS

A report from the Water Services Unit outlined arrangements for Waterways and Wetlands bus tours of the Avon, Heathcote and Styx Rivers, focussed toward the general public and forming part of the Waterways and Wetlands Education Strategy. It was suggested that this concept could become part of the Board's annual awards ceremony. A small working group is to be formed to consider this matter at the Board's planning day.

It was **decided** that work continue in partnership with the Water Services Unit in providing bus tours of the city's major rivers for other community groups within the Board's area.
