The purpose of this report is to advise of a Youth Justice Workshop to be held on Tuesday 7 November 2000 at the Hagley Netball Centre.

The aim of the workshop is to increase knowledge of the services available for young people in Christchurch. The day will feature workshops and presentations by government and community based agencies. All presenters will endeavour to provide a broad perspective on available services.

The cost per person for attendance at the seminar is \$30.00. The Council is asked to determine whether it wishes to be represented at the seminar.

**Recommendation:** That as the Council will be represented by Councillor Alister James (Convener) and Council staff, no further delegates be appointed.
