

10. AQUATIC VEGETATION MANAGEMENT (EGERIA DENSA)

The Board considered a report outlining the management of the invasive aquatic weed egeria densa and recent developments, consultation proposals and proposed future action.

The Board **decided:**

1. To endorse the consultative approach adopted by the Water Services Unit so far and to support the consultation process as described in the report.
2. To request that the Board be given the opportunity to participate in the consultation process.
3. To support the proposed operational trials for egeria management to take place over the coming summer.
