

## 11. WOOLSTON/BURWOOD EXPRESSWAY

A report from the Projects Manager, Capital Works Implementation, provided an update on progress of the Woolston/Burwood Expressway and outlined the proposed process for the acquisition of a group of contiguous properties.

The Board was concerned that the process should allow for consultation before the legal stopping process commences.

The Board **decided** to request the City Services Committee to consider:

1. That the scheme tabled for Stage 2 of the Woolston/Burwood expressway be approved in principle for public consultation.
2. That the Committee defer recommending to Council that approval be given for the legal stopping of Bexley Road, Brook Street, and Birch Street, at their intersections with the Woolston/Burwood expressway, until after public consultation has taken place.
3. That the Committee recommend to Council that the Property Manager be authorised to effect the settlements as outlined in the report submitted to the Board.
