

12. ARBOR DAY SCHOOLS PROGRAMMES – UPDATE

The Board **received** a report on this year's Arbor Day programme and was asked to confirm funding support for a similar programme at schools for 2001.

It was also **decided**:

1. That \$2,000 be confirmed for the provision of trees for Arbor Day plantings in school grounds for the financial year 2000/01.
2. That officers prepare a further report for tree plantings in the Board's community including any additional funding needs.
