

10. ELMWOOD PARK – VARIATION OF LEASE APPLICATION FOR THE ELMWOOD TENNIS CLUB

As with the preceding clause, the Board had been invited to comment on an application received from the Elmwood Tennis Club for a lease variation to allow the club to apply to the District Licensing Agency for an extension to the hours in which it could operate its liquor licence.

The hours requested were Monday to Sunday from 7.00 am to 11.00 pm.

The accompanying report from the Parks Unit's Team Leader Consents set out details of the public notification undertaken and of the submissions received to the club's application.

The report concluded that there was no reason not to approve the lease variation as there had been no problems reported to the District Licensing Agency or to the Council regarding the operation of the club's present licence.

The Board **decided** to recommend to the Parks and Recreation Committee that approval be granted to the Elmwood Tennis Club for a variation to their lease to enable the club to apply for an extension to the hours when they can operate their club liquor licence subject to the following conditions:

1. The variation of hours applied for when they are able to operate their liquor licence being from 7.00am to 11.00pm Monday to Sunday (club members and guests).
2. The club operating a host responsibility programme, to include the provision of food which is to be available at all times when the club licence is operating.
