

10. COMMUNITY ADVOCATE'S UPDATE

10.1 AVAILABLE SITE – BARNETT PARK

The Board considered advice from the Property Manager that expressions of interest or comments and recommendations are being sought on a small block of land adjoining Barnett Park on which the Redcliffs Scout Den is located. This land was formerly part of a waste water pumping station which is now unused. The Board noted that this land is unlikely to become available as the Scout Association has a continuing interest in the use of the site, but that the Board should indicate an interest in this land in the future in the unlikely event that the site did become available.

10.2 DISCRETIONARY EXPENDITURE

The Board noted that a sum of \$38,880 remains available in the 2000/01 Discretionary Fund for allocation.

The Board **received** the information.
