

14. OWLES TERRACE

A report from the Property Projects Manager provided an update on progress made in addressing the issues associated with the future use or sale of this property.

It was **decided**:

1. That the Property Unit report to the Board on the application of the Public Works Act pertaining to the sale of the land.
2. That the Board request the retention of the Council buildings for use by Coast Care, PEEEPs and as a base for aquatic activities.
3. That the Eco-Village Working Party continue to develop the eco-village proposal until a decision is made on the suitability of Owles Terrace for residential development.
4. That the Property Unit be requested to investigate the removal of the fencing from around the southern boundary of the yard, and the tidying of the area for public use as soon as possible, and report back to the Board.
