

12. DEPUTATIONS BY APPOINTMENT

(b) CANTERBURY CYCLISTS ASSOCIATION - MR STEPHEN VAN HUSSEN

Mr Van Dorsser addressed the Committee on the position of “SPOKES” the Canterbury Cyclists Association on the future directions for inner city cycling and indicated their view of the opportunity for Christchurch to market itself as a cyclists destination.

A copy of their vision (attached) was tabled for the information of members and the opportunity was taken to show a video of cycling in Holland demonstrating the extent of use of cycles for transportation in that country and the provision made for them.

The information was **received** and Mr Van Dorsser thanked for his presentation.
