

### **13. PRESENTATION OF PETITIONS**

#### **PARKING - COLOMBO STREET**

Councillor Ian Howell presented a petition requesting that the Thorrington bus stop be moved and the yellow no stopping lines removed from the east side of Colombo Street from Malcolm Avenue to the bus stop and from the south of the Shell garage to Butterscotch Castle. The petition indicated the reason was for the shops in this locality to stay in business and advised that since the road works had been undertaken and completed there had been a marked decline in business for shops in this area because of the lack of parking.

The petition was considered in association with clause 20 of the agenda.
