

9. CLIFTON NEIGHBOURHOOD PETITION

The Board considered a report clarifying the issues raised by the Clifton Neighbourhood Committee at the Board meeting in July. This report outlined the issues, the availability of funding in 2003/04 for improvements to Kinsey Terrace and the issues upon which community consultation and some measure of community consensus will be needed, if work is to proceed.

The Board considered this report in conjunction with the comments made earlier in the meeting by the deputation from the Clifton Neighbourhood Committee.

The Board **received** the information.
