

## **5. DEPUTATIONS BY APPOINTMENT**

### **5.5 CLIFTON NEIGHBOURHOOD PETITION**

Ms Kathleen Guy and Professor Kevin O'Connor of the Clifton Neighbourhood Committee addressed the Board leading it through a prepared statement on behalf of the Committee. Copies of this statement were passed to Board members. The statement raised various concerns and affirmed the willingness of the Clifton Neighbourhood Committee to participate in a consultative planning process with the Council, but also raised concerns that the Council appeared to have ignored the petition submitted earlier and the supporting submission which accompanied it.

The deputation asked that the Council have an indicative plan for the area rather than undertaking sales of parcels of road reserve on a piece-meal basis.
