

5. DEPUTATIONS BY APPOINTMENT

5.2 WARREN ROGERS MOTORS LTD

Mr Warren Rogers of Warren Rogers Motors Ltd, Workshop and Car Sales at 260 Ferry Road, addressed the Board expressing concern at the proposed bus shelter which he believed would block off some 25% of the visibility of his site. Mr Rogers suggested that there could be an alternative site for a bus stop and bus shelter only about 95 metres to the East of the proposed bus shelter site, ie outside the adjoining doctor's premises.

Mr Rogers considered that the advertising panel on the bus shelter would further diminish the visibility of his premises when viewed from the road. Mr Rogers emphasised to the Board that he does not object to the bus stop outside his premises but to the proposed shelter which will block visibility of his cars. His concern was that a considerable number of cars are sold to people who viewed them from the road or from a bus while passing.
