2. RECREATION OUTCOMES REVIEW 1999/2000

On behalf of the Leisure Unit, Ms Lesley Symington and Jane Mulholland presented the outcomes of the Riccarton/Wigram recreation review, as well as identifying metropolitan issues and projects.

On the local scene the Leisure Unit commissioned and implemented research projects where required; Avonhead Sports, Recreation and Arts Study, and the Wycola Skate Park Upgrade, being some projects.

Programmes for older adults and women were well supported; the six holiday programmes (for 5-10 year old children) attracted over 4,000 attendees.

Over 600 persons participated in the 10-18 years youth programmes.

The Community Board provides financial support for the Leisure Unit, and members expressed the desire to continue their support and assist in extensions to programmes, if sought.
