

21. NEIGHBOURHOOD TRUST (ST ALBANS BAPTIST CHURCH)

The Community Development Adviser reported, seeking funds to assist the Neighbourhood Trust to establish and maintain a variety of social/community programmes in the St Albans area. The Trust have had to close their “407 Club” – a club that catered for the needs of children after school one evening per week. This is due to a lack of funding. The Trust is also in need of some equipment including a whiteboard, headset (microphone for the Mainly Music programme) and cups and saucers. The Community Development Adviser was requested by the Board to get back to them with some dates for a visit to the Trust.

The Board **resolved** that the Neighbourhood Trust be allocated a grant of \$2,500 for equipment from the 2000/01 Community Services Fund towards their work in the St Albans area.
