

13. BOARD DELEGATIONS

The Community Advocate reported that the Council had to yet resolve on the formal process of delegation to Boards and that this was scheduled to occur at the Council Meeting on 12 December 2001.

Because of this, the Board currently had no delegation on a number of reports before the present meeting thereby requiring referral of any recommendations arising, to be submitted directly to the 12 December meeting of the Council.

The Board **received** the information.
