

8. REVIEW OF THE RESIDENTS' ASSOCIATION FORMATION AND RECOGNITION POLICY

A report from the Residents' Project Review Team informed the Board of the outcome of a review of Council support for Residents' Groups and recommended changes to the existing policy and processes. The Board **decided:**

1. That the Board recommend to the Community Service Committee that the recommendations of the Review Team as outlined in the report be endorsed.
2. That clarification be sought of the Review Team's proposal of a small annual grant to residents' groups in relation to the photocopying support given currently by Community Board.
