

8. LINWOOD CEMETERY PROJECT UPDATE

The Board considered a report from the Parks and Waterways Area Advocate advising it of the progress made on the Linwood Cemetery Project since the Board meeting on 6 June 2001.

The Board **decided** to recommend to the Parks and Recreation Committee:

1. That a minimum of three prices are obtained for construction of the two options of entranceway gates at Linwood Cemetery.
2. That subject to the timber option being cheaper, this option is recommended by the Board.
