The purpose of this report is to seek the Council’s approval of the Draft Keep Christchurch Beautiful Campaign’s Annual Report (tabled), Napier City Council’s remit to the Keep New Zealand Beautiful Society (Inc) 2001 Annual General Meeting in February proposing to wind up the Society (attached) and a further remit from Keith Rowling of Morrinsville proposing the amalgamation of Clean Up New Zealand with Keep New Zealand Beautiful (attached).

In particular the Campaign would like to draw attention to the programmes carried out during the year, the appointment of Councillor Carole Evans as a government representative to the Keep New Zealand Beautiful Society’s Board, the forthcoming Annual General meeting and remits to that meeting.

- Recommendation:**
1. That the draft Keep Christchurch Beautiful Campaign Report be received.
 2. That the Council not support the Napier City Council remit but instead support a proposal for the Clean Up New Zealand Trust and the Keep New Zealand Beautiful Society combining into one umbrella organisation.
