

## 19. ITEMS RECEIVED

The Committee **received** the following reports:

### 19.1 SummerTimes Programme

This report provided a post-festival review of the 2001 SummerTimes festival. This year's festival featured eight large-scale events and several smaller concerts. Two key events, the New Year's Eve concert and the Teddy Bears' Picnic were cancelled because of poor weather.

### 19.2 High Performance Training at QEII Park

This report advised the Committee of the current status of negotiations with the New Zealand Academy of Sport South Island. The South Island Academy is based in Dunedin, but intends to establish an administration base in Christchurch. QEII Park is the favoured location for this facility.
