

17. PEGASUS BAY DRAG RACING CLUB – RUAPUNA PARK

The Leisure Manager submitted a report updating the Committee on the establishment of a burn out pad at Ruapuna Park. The report also advised that, as a result of recent media publicity relating to street racing problems, the Pegasus Bay Drag Racing Club planned to hold drag racing and burn out competitions every second Friday night at Ruapuna Park.

The Leisure Manager saw a need for a meeting of the two groups involved in providing burn out/drag racing activities to establish a regular activities programme.

The Committee **decided** that the proposal be referred to the Burn Out Pad Subcommittee for consideration and report back to the Parks and Recreation Committee.
