

### 30. REQUEST FOR FUNDS – UPGRADE OF KITCHEN, KAINGA HALL

The Community Technical Adviser reported with further information on a request for Board funding to assist in the upgrading of the kitchen at the Kainga Hall. Board members commented that there was an accountability issue with the Association going ahead with the work, without having the funding approved.

The Board **resolved** to allocate \$1366 from 2001/2002 Discretionary Funding to the Kainga Residents Association for the purchase and installation of a dishwasher.
