

19. REPLACEMENT FURNITURE - COUNCIL CHAMBER

The Community Relations Manager submitted a report which outlined the likely costs of refurbishment or replacement of the furniture in the Council Chamber.

During discussion on this report the Committee suggested that, in light of the costs indicated in the report, additional quotations be obtained both for the refurbishment of the existing chairs and for the complete replacement of the tables and chairs.

The Committee **decided**:

1. That the views of the Committee be noted.
2. That a further report be brought to the Committee in February 2002.
