

8. **WITHELLS ROAD PROPOSED NO STOPPING RESTRICTION**

In order to improve traffic safety, the Area Engineer proposed the installation of a No Stopping restriction on the east side of Withells Road from Brookby Crescent to the southern boundary of number 202 Withells Road. As Withells Road was a collector road, approval of the City Services Committee would be required.

The Area Engineer was asked to check the on street parking situation immediately to the north of the intersection on the east side of Withells Road.

The information on the proposed no stopping restriction was **received**.
