

2. DEPUTATIONS BY APPOINTMENT

2.4 NEW BRIGHTON SURF LIFE SAVING CLUB - TV REPEATER

Jean Bagrie and Brian Hill from the New Brighton Residents' Association were in attendance to raise concerns about the proposed consultation process on the proposed sublease between the Surf Life Saving Club and CHTV Limited for a television repeater mast.

The deputation outlined the background to the Association's contact with CHTV Limited on the proposal. Initial feedback from a leaflet circulated in the New Brighton area indicated that residents are opposed to the proposal. The Association had suggested to CHTV Limited that two public meetings be held but had not heard further. The deputation suggested that the Board hold its proposed public meeting but defer making a decision until its next Board meeting to allow time for written submissions to be made by residents.

The Board's decision is recorded under Part B, clause 13 of this report.
