

20. VEHICLE DIMENSIONS AND MASS RULE CHANGE PROPOSALS

The Committee considered a report from Stuart Woods, Transportation Policy Leader on the proposed changes relating to heavy vehicle rules currently being considered by the Land Transport Safety Authority. Submissions on the proposal close on 3 September 2001 and the report sought approval for the Land Transport Subcommittee to work with staff on the formulation of a submission to the Land Transport Safety Authority on the proposed changes. The Committee **decided** that the Land Transport Subcommittee assist with and approve a submission on the vehicle dimensions and mass rule.
