

5. WAIRAKEI ROAD/PROPOSED PARKING LIMIT LINES

Officer responsible City Streets Manager	Author Brian Boddy, Area Engineer Fendalton, 372-2724
--	---

The purpose of this report is to request that the Council approve the installation of parking limit lines outside two properties on the south side of Wairakei Road (an arterial road) west of Aorangi Road.

Customers attending the Veterinary Clinic at No. 173 Wairakei Road frequently try to park in a length of 6.5 metres between the vehicle entrance to the Veterinary Clinic and that of the next property to the west. As the road code states, "you must not stop or park a vehicle in front of a vehicle entrance or closer than one metre to a vehicle entrance" there is only a 4.5 metre legal length left, enough to park a small car in. Several requests have been received from the residents of No. 175 Wairakei Road over recent years for parking limit lines to reduce the incidence of vehicles being parked partially over their vehicle entrance.

The Fendalton/Waimairi Community Board and the Parking enforcement Unit have been consulted and both support the proposed installation of parking limit lines.

To aid motorists in parking their vehicles clear of these entranceways parking limit lines should be installed on either side of the vehicle entrances to the properties of 173 and 175 Wairakei Road.

Recommendation: That parking limit lines be installed at the vehicle entrances of 173 and 175 Wairakei Road.
