

14. WELCOME TO SHIRLEY SIGN

The Committee **received** a verbal report from Councillor Ingrid Stonhill on the provision of a 'Welcome to Shirley' sign as a means of fostering community pride in that locality. The matter had been discussed and supported by the Shirley/Papanui Community Board and would be funded by them, however, the location on arterial roads required the support and approval of the committee and Council.

Recommendation: That a 'Welcome to Shirley' sign designed by public competition be installed in the garden area at the intersection of Hills, Warrington and Shirley Roads to be funded by the Shirley/Papanui Community Board.
