

4. 19 FENDALTON ROAD – PROPOSED LANDSCAPING

The Area Engineer explained the intended planting details including a public seat and sought approval for the distribution of the plan.

Members asked that staff look to enhance the plan and report to the Works and Traffic Safety Committee along with revised costing information.

The Board therefore **decided** that further work be done to enhance the proposed landscape plan and that the new plan along with cost details be reported to the Works and Traffic Safety Committee.
