

### 3. GRAHAMS ROAD AND GREERS ROAD PROPOSED PEDESTRIAN ISLANDS

The Area Engineer presented the revised publicity plan showing alternative positions for the proposed pedestrian islands in Greers Road and Grahams Road. This followed the initial plan circulation in May and the public meeting held on 2 July.

The report highlighted the relevant issues arising from that feedback along with an accompanying technical comment.

Arising from the Board's consideration of the revised plan, a minor amendment was made by deleting one of the suggested island locations between Condell Avenue and Kilburn Street.

As a general comment it was also noted that some overall improvement should be made to more clearly identify the presence of pedestrian islands especially in situations involving poor weather conditions.

The Board **decided** that the revised publicity plan, as amended, be approved for distribution.
