

4. HORNBY – HEI HEI AND ISLINGTON HEAVY COMMERCIAL VEHICLE STUDY

The City Streets Manager provided the Board with a report (received by City Services Committee at its July meeting, also) on progress aimed at introducing heavy commercial vehicle bans on the use of certain roads in the Hei Hei/Islington residential areas, and possible improvements at the Pound/Waterloo Roads and Pound/Yaldhurst Roads intersections.

The Board **received** the report and noted that a meeting with the City Services Committee and local resident groups would be scheduled to allow further discussion on the progress of the vehicle study outcomes.
