

3. **PEDESTRIAN/CYCLIST ACCESS ACROSS MAIN NORTH ROAD AS PART OF THE STYX RIVER GREEN CORRIDOR**

The Parks Education Co-ordinator reported on the options available for pedestrian and cyclist access across Main North Road as part of the Styx River Green Corridor and Styx 'Source to Sea' experience. The Board congratulated Christine on her work in the area.

The Board **decided** to recommend to the Parks and Recreation Committee that the officer's recommendation be adopted, and that further investigation of funding sources be undertaken with some urgency.
