

3. DEPUTATIONS

3.4 CHRISTCHURCH MUSIC SOCIETY CONCERT AT NEW BRIGHTON FORESHORE (6 FEBRUARY 2001)

Marcus Puentener and Jonny Wartmann were in attendance to promote the concert and a mural proposal.

The Christchurch Music Society Incorporated is a non-profit, charitable organisation involved in running music and cultural events for youth. Mr Puentener noted that the society has leisure and educational objectives. He sought support for the One Love Concert to be held in New Brighton on 6 February 2001. The concert involves local performers and is intended to be both entertaining and educational.

Mr Wartmann outlined a proposal for a legal art mural to be painted as an event in conjunction with the concert. He suggested that a wall in the pier area near the amphitheatre was suitable for the mural. A brief consultation process with the Residents' Association and local residents was envisaged. Mr Wartmann clarified that the proposal is not part of the Council's legal art programme. The Board suggested that a formal application be made for it to consider next year to ensure adequate time for consultation and assessment of the proposal.

The Board **decided:**

1. That the Advocacy Team be requested to consider making a contribution from the Community Response Fund to support the event.
2. That the Community Relations Unit be requested to provide a report on the legal art approval process.
