

27. “TOWARDS A NATIONAL WASTE MINIMISATION STRATEGY” – DISCUSSION PAPER

The Committee considered a report recommending the formation of a City Services Committee working party to comment on the discussion paper released in December 2000 by the Ministry for the Environment and Local Government New Zealand. The discussion paper set out draft vision and goals for a national waste minimisation strategy and sought comments on 11 key waste minimisation questions.

The Committee **decided**:

1. That a working party comprising the Chairman, Councillors Sally Buck, Carole Evans, Ian Howell and relevant staff, ie Mike Stockwell, Waste Manager, Zefanja Potgieter, Christine Byrch and Simon Collin of the Waste Management Unit be appointed to draft the Council’s comments on the national waste minimisation strategy discussion paper.
2. That due to the tight time-frame the working party be given delegated power to report directly to the March 2001 Council meeting.
