

11. PAPANUI YOUTH FACILITY – RESTELL STREET

The Committee considered a report from Bruce Meder, Community Development Adviser, and Barbara Ford, Community Advocate, briefing the Committee on a proposal to establish a youth facility in Papanui and the funding required for the facility. The report outlined requirements for such a facility and identified a potentially suitable property being investigated by the Te Papanui Trust, which would be the lessee should the project proceed.

The Committee **decided**:

1. To support the concept as outlined.
2. To note that Te Papanui Trust is seeking an option to lease the building referred to in the report, subject to gaining a resource consent and funding.
3. That appropriate staff work with Te Papanui Trust to prepare a business plan detailing projected usage, costs, revenue and funding sources.
