

26. COMMEMORATION OF ANDREW JOHNSON

The Board considered a report outlining investigations into a request to recognise Andrew Johnson, an early settler in Woolston.

The Board agreed to set up a working party of Linda Rutland, John Freeman and Aaron O'Brien to further discuss the issues of Johnson's Reach (to include consultation with the Council's Maori Liaison Officer), before considering the recommendations contained in the report to the Board dated 31 January 2001.
