

1. DEPUTATIONS BY APPOINTMENT

2. Geoff Stuart, Area Development Officer (Sockburn)

Geoff is our Area Development Officer and had been invited along to talk about his area of responsibility (being resource management and building development).

A full discussion was held on the office management and structure of this business unit and the major residential and commercial developments currently being undertaken within the two wards; major areas of residential expansion included Wigram Airbase and the Aidansfield Subdivision.

In thanking Geoff for his attendance the Board chairperson suggested that a further meeting could be scheduled to look at the more detailed aspects of these major developments.
