

13. PARKHOUSE ROAD AND BUCHANANS ROAD TRAFFIC MANAGEMENT

Following a report by the City Streets Manager the Board **resolved** to approve the placing of give way signs against Jipco and Michelle Roads at their intersections with Parkhouse Road.

Transit New Zealand is also undertaking a traffic study of that section of SH73 (Curletts Road) between Blenheim Road and Lunns Road because of continuing traffic delays and accidents.

Another intersection currently under review is the Buchanans Road/SH73/West Coast Road intersection.

The Board has asked for reports on the outcome of both these studies.
