

12. PROPOSED NEW ROAD NAMES

The Council Subdivisions Officer sought the approval of the Board to various new road names in some residential subdivisions within the Wigram ward.

1. **Wig/2000504 Aidanfield Holdings Limited Halswell Road - Wigram Ward**

This subdivision will eventually create in excess of fifty new roads. The applicant has submitted several lists of proposed names to date, and these have been checked with names deemed unsuitable due to similarity in pronunciation and in written form having been deleted.

On the advice of the Subdivisions Officer the Board decided to confirm the names to enable Stage 1 of the development to take place and that further consideration of other names submitted by the developer be undertaken at a subsequent meeting of the Board.

The Board **resolved** to approve the following names Aidanfield, Antonia, Bernadette, Bezar, Bibiana, Chanel, Coppinger, Corbett, Eaglesome, Gabriel, Grangeston, Kinsella, McMahon; Marguerite, Matthew.

2. **Wig/2000/3954 Rockhill Limited Kennedys Bush Road - Wigram Ward**

This is a further stage of this subdivision, creating twenty-five new residential allotments to be served by a new legal road and three rights of way. Only the road will be named, and the name submitted is in keeping with the developers theme of choosing names with an association with the old Halswell Quarry. The name proposed is The Rocks.

The Board **resolved** to approve the name "The Rocks".

3. **Wig/2000/2027 Halswell On The Park Halswell Road - Wigram Ward**

This subdivision initially creates three new roads. The major road will eventually link with William Brittan Avenue, and therefore should be called William Brittan Avenue.

The Board **resolved** to approve the name "William Brittan Avenue" with the other two roads being named "Garforth Avenue" and "Steane Place".

4. **Wig/2000/3004 Westmoreland Nominees Ltd Highcrest Heights - Wigram Ward**

The name Chaloner Place was approved in 1995 for cul de sac. That application was never completed, however the allotments are now to be served by a private right of way in place of the former legal road. The Council's policy on road naming states that private rights of way should be suffixed with 'Lane'. Chaloner Place should therefore be replaced with Chaloner Lane.

The Board **resolved** to approve the name "Chaloner Lane".
