

#### 4. DEPUTATIONS BY APPOINTMENT

(a) **Vanda McKerchar and Rosie Brodie – Papanui High School Health Co-ordinators**

Vanda McKerchar and Rosie Brodie spoke to the Board regarding the project they have just finished on 'Community Partnerships'. The purpose of this report was to develop and strengthen community links with the school for its health and physical education programme. While doing the study, they found there was much more to do and that a lot more could be achieved in this area. They are requesting funding to continue their work outside of the school, to give their current research more 'teeth', and have approached Crown Health, the Licensing Trust and the Board. They require a salary for 4 hours a week and are asking for \$11,000 in total for the year.

This matter is discussed under clause 8.
