

5. **PAPANUI SOFTBALL CLUB'S PROPOSAL TO INSTALL A BATTING CAGE ON PAPANUI DOMAIN**

A report from the Parks Consents Team Leader sought recommendation from the Board that Council lease approximately 120 square metres of Papanui Domain to the Papanui Softball Club to erect a softball batting cage.

The Board was concerned that residents adjacent to the park should be advised of this application notwithstanding the public notification process, and decided to meet with residents. The Board also requested that the Parks Consents Team Leader advise the residents via letterbox drop as part of the public notification process.

The Board **decided** that the officer's recommendation be adopted and further that the residents opposite the park be advised via letterbox drop as part of the public notification process.
