

8. **PAPANUI YOUTH FACILITY – RESTELL STREET**

The Community Advocate updated the Board on the proposal to lease a building in Restell Street that meets the need for a youth facility in Papanui. A report outlining the proposal and requesting funding will go to the Community Services Committee meeting of 5 February 2001. Graham Condon made the suggestion that in order to keep the enthusiasm up with young people it may be necessary to redecorate or change the inside of the building regularly. This cost should be added to any budget.

The Board **decided** that the information be received, and that the Chairperson and Deputy Chairperson attend the Community Services Committee meeting at midday on 5 February 2001 to support the proposal.
