

## 20. COMMUNITY ADVOCATE'S UPDATE

An update was provided on the former Samoan Congregational Church, and the Board **resolved**:

1. To support initiatives to retain the former Samoan Congregational Church and to oppose its demolition.
2. That a subcommittee (comprising Sue Wells, Phil Clearwater and Barry Corbett) be established to meet with Hagley-Ferrymead Community Board members and local resident groups to ascertain ways in which to progress the above resolution.

Discussion took place regarding the "hoons" in Colombo Street and it was **resolved** that a representative of the Council's Road Safety Committee be invited to discuss an approach to this issue with the Board.
