

9. CHRISTCHURCH PUBLIC HEALTH STRATEGY

A report from the Environmental Health Policy Analyst and the Social and Economic Policy Analyst advised the Board of the development process for the Public Health Strategy for Christchurch. The Board **decided**:

1. That the information be received.
2. That the Board consider providing feedback to the steering group regarding the initiative and health priorities.
3. That the Board support this initiative which has a holistic and cooperative approach to improving the health of Christchurch.
4. That the Board express its intent in exploring and progressing this initiative.
