DRAFT CHRISTCHURCH CITY COUNCIL FINANCIAL PLAN 2002

Janet Begg was in attendance to make a submission to the Board on the Christchurch City Council's draft Financial Plan and Programme 2002 Edition. She requested that the Council reallocate \$1,155,179 from the Real Time Information passenger transport system for the installation of additional bus shelters throughout the city.

The Board **decided** that Environment Canterbury be requested to report on the policy for the provision of bus shelters and how sites are prioritised.
