

3. ROOKWOOD BOWER AVENUE BUS STOPS

The Council at its ordinary meeting on 26 April 2001 referred the report on this proposal back to the Subcommittee to allow for residents to make representations if they so wished. While the Subcommittee noted that there had been no further complaints from neighbours it was agreed that the matter be investigated further and contact be made with the property owner of 67 and 69 Rookwood Avenue to ascertain if he wished to meet with the Subcommittee to discuss his concerns.
