

1. DEPUTATIONS BY APPOINTMENT

1.2 Mrs J Henley – 58 Rhodes Street

Mrs Henley spoke to her circulated submissions setting out a number of concerns regarding traffic and roading matters in the immediate Holmwood area. These included a request for the physical stopping of Rhodes Street (west), overcoming the traffic difficulties at the Holmwood/Rossall intersection and the provision of a road carpet treatment on Rossall Street to alleviate traffic noise. She also raised concerns about the effects of on-going building developments in the general area and requested that wider consultation be undertaken by the Council.

The Board **received** the submissions made by Mrs Henley and **decided** that the requested stopping of Rhodes Street (West) be further considered by the Board's Works and Traffic Safety Committee.
