**2. BOARD FUNDED TRAFFIC MANAGEMENT PROJECTS
DRAFT SCHEME PLAN, RECEIPT**

The Committee endorsed the scheme plans for the following minor traffic management projects:

- Peer Street
- Wales Street
- Piko Crescent

3. YALDHURST ROAD/RACECOURSE ROAD INTERSECTION

At the 16 March 2001 meeting of this Committee it was agreed that the City Streets Unit be asked to undertake a further traffic count, as the question in traffic signal installation at this intersection was still a current community issue.

The Committee asked, also, that there be a review of the cost benefit analysis of installing traffic lights in at this intersection, taking into account benefits to the wider area.

The Committee was advised that the traffic counts have been programmed for the end of June, and an assessment will be done immediately after.

The Board **received** the report.
