

6. TEMPLETON DOMAIN SKATEBOARD FACILITY

The Parks and Waterways Area Advocate (Rod Whearty) reported on the programmed extensions and improvements to the existing skateboard facility on Templeton Domain.

Board members, and Service Centre staff, met with local parents and park users recently to discuss the current facility and identify new works that could be undertaken (Board monies had been set aside for this purpose). The work is due to commence this month.

The feedback received to the proposal was positive.

The Board, in **receiving** the report, acknowledged that a good balance had been achieved in establishing a positive and supportive partnership between the community and the Council.
