

## 2. DEPUTATIONS BY APPOINTMENT

### (b) **Joan Buck – Kidsfirst Kindergarten, Macfarlane Park**

Joan spoke to the Board on the problems experienced by the kindergarten since the installation of the adjacent playground in Macfarlane Park. Joan is concerned about the proposed installation of a skateramp. Joan stated that they have problems with rubbish, smashed palings, plants broken and equipment stolen. Children also climb onto the roof of the kindy and into the grounds and use the property as a toilet. Joan suggested that any skateramp be placed close to toilets, and did not want the ramp placed close to the kindergarten. Joan also stated that the kindergarten had not received any information regarding proposals for the area. Ingrid Stonhill invited Joan to the next Shirley Network meeting and stated that the skateramp will not be installed until consultation with residents and affected parties takes place. The kindergarten's concerns would be taken into account.
